Digitalize Large Format Documents

OpticBook A300 Plus is compatible to scan up to A3 sized documents within only 2.48 seconds. With Book Pavilion software, after scanning, the file will be automatically save as electronic files. The file formats vary from pdf, tiff, text, epub to jpeg, etc.

Customize Color Scan Mode

For one single scan, users can choose to scan in different color modes.

- Reduce the file size
- Decrease the scanning time
- Cut cost on data storage equipment

2mm Book Edge Design

An integral part of Plustek SEE (Shadow Elimination Element) Technology, the unique book edge design (2mm) of OpticBook A300 Plus eliminates the book spine shadow and text distortion of traditional books while copying and scanning. The intelligent design avoids the need for a large, expensive overhead scanner or complicated image-editing software.

TWAIN Complaint

Industry standard TWAIN drivers ensure compatibility with thousands of image enabled applications including document management, document capture, enterprise content management, forms processing, photographic imaging and image management applications

Auto Continuous Scan & Modify Page

Users can just turn the page and the scanner will automatically scan the book. After scanning, the scanner will detect and automatically rotate the page to 180 degrees and save the files.

Environmentally Responsible and Energy-Saving

OpticBook A300 Plus is environmentally responsible and easy to use at the same time thanks to its ENERGY STAR certification, lower power LED illumination technology and power-saving function. The OpticBook A300 Plus also features auto wake up that enables users to simply place the paper in the scanner and wake up the scanner from sleep/stand-by mode.
